

## Patient Consent Form

Congratulations for making a commitment to your health by coming in for a naturopathic assessment at Ritacco Chiropractic. I hope that you enjoy your experience as we work together to help you achieve your full health potential.

Naturopathic Medicine is a unique and comprehensive approach to improving health and treating illness. As primary health care practitioners, our goal is to provide safe and effective health care to each patient in a compassionate and efficient manner. In order to assess your individual condition, your Naturopathic Doctor will take a thorough case history, perform a screening physical exam, and laboratory tests. Therapeutics include clinical nutrition and supplementation, botanical medicine, acupuncture, and Traditional Chinese Medicine, homeopathy and lifestyle counseling. Further detailed information on the assessment/treatments used by Naturopathic Doctors can be provided on request (either through verbal or written explanation provided by the Naturopathic Doctor).

Each Person must sign this document prior to the initial visit.

My signature acknowledges that I have been informed and understand that:

- 1) I am encouraged to create a comprehensive health care team working towards my best interests and continue to seek medical care from other qualified health practitioners (physician, chiropractor, dentist, etc.) as required.
- 2) I understand that Naturopathic Doctors are required by their licensing boards to perform a screening physical exam on each new patient. This will be adhered to unless the referring practitioner sends a full report to the N.D.
- 3) I am aware of the slight health risks concerning some treatments, which may include, but are not limited to; aggravation of pre-existing symptoms; allergic reactions to supplements or herbs; pain, fainting, bruising or injury from acupuncture or venipuncture. I have received a full and complete explanation of the treatment or services that I may receive at this office and hereby authorize consent to treatment.
- 4) I understand that working with a Naturopathic Doctor involves a team-like approach and while appropriate individualized advice regarding obtaining my treatment goals will be provided, I also commit to being responsible for my own health. If I am having difficulty following a treatment plan, I will contact my ND so that we can make the necessary modifications to ensure that I am able to continue to work towards my health and wellness goals.
- 5) I am aware that I can purchase the products recommended by my Naturopathic Doctor at the location of my choice. I am under no obligation to purchase products from Ritacco Chiropractic. However, if I do purchase products at the clinic, I am aware that they cannot be returned for refund, as they will not be resold. Just as a pharmacy cannot accept returns on pharmaceutical products, we cannot accept returns on nutraceutical products so that we can guarantee that all of our products have been stored in appropriate conditions until they are dispensed.
- 6) I understand that a record will be kept of health services provided to me. Other health care practitioners within Ritacco Chiropractic may have access to my information as needed for my own benefit. Otherwise, this record will be kept confidential and will not be released to anyone outside this office unless so directed by myself or unless it is required by law.
- 7) I understand that I may look at my medical record at anytime and that copy of my file will be provided to me, for a fee, upon request. I have reviewed Ritacco Chiropractic's privacy policy and I understand how it applies to me. I agree to Ritacco Chiropractic's collecting, using and disclosing personal information about me as set out in this policy. 8) I also confirm that I have the ability to accept or reject this care of my own free will and that I am not an agent of any private, local, county, provincial or federal agency attempting to gather information without so stating. I accept full responsibility for any fees incurred during care and treatment.

I, \_\_\_\_\_, have read, understood and acknowledge the above statements.
